

Grooves Collection

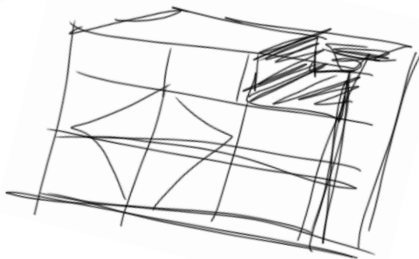

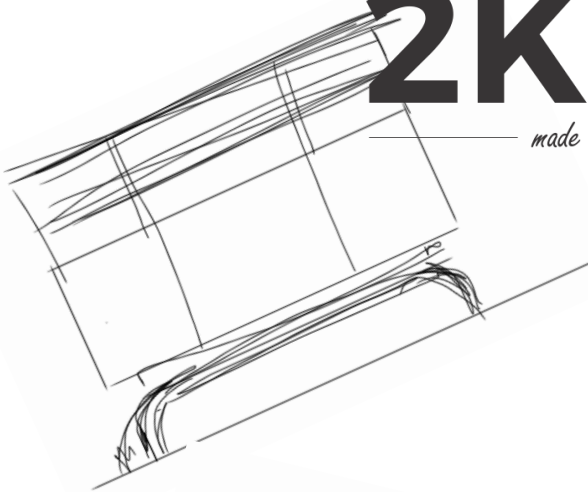

2020

Full product line

2K1M

made in Italy

The Beginning

The Grooves Collection's characteristics are simplicity, clean and solid colours and surfaces with a touch of a natural finish of solid Oak or veneer.

The straight lines, slight angles and v-grooves are the "Grooves" signature. It is a collection that will brighten your space and provide a light and airy feel, complimenting any modern room and creating a fun addition to your living space.

The Grooves Collection can be customized in sizes and finishes to suit your environment with no minimum order.

The High Gloss lacquer finish provides a durable and clean surface and solid surface materials where applicable. Full extension drawer slides and self-closing are standard components of this fabulous collection; with consideration to the environment, all wood stain finish and paint have no-to low-VOC.

The Creator

The Grooves Collection by Naji Mourani.

Naji Mourani has been designing spaces since 1992 in the different sectors of Interior Architecture, and since then, he has been connecting people to elements and environments.

Since childhood, his love for designing furniture and products never faded, and he has focused on pursuing his dream since 2017.

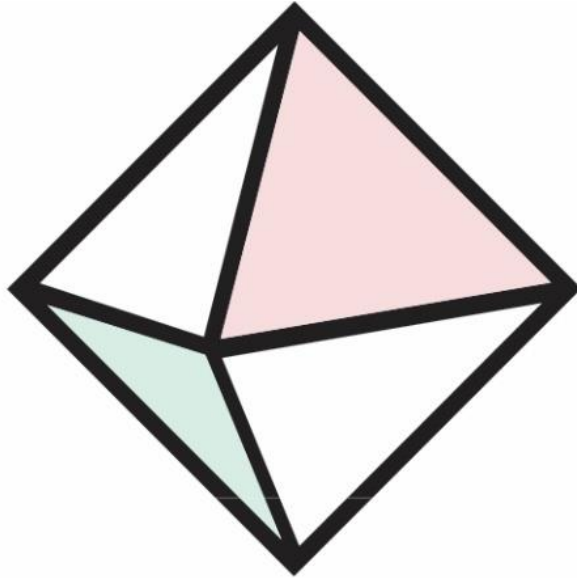

Naji has a passion for fine details and is a perfectionist. The beauty of fine details always draws him, and he gets inspired by nature and his surroundings.

Naji says, "every day, nature and beauty surrounds us. A successful design must serve a specific function and blend and complement its environment. To create anything, we need to look closely at nature, understand it, and replicate it".

In addition to his passion for design, Naji enjoys photography, travel, oil painting, and a glass of scotch.
